ELS STORM CITY

Chinese Insurgents Make Attack on Yo Chow.

REPULSED BY TROOPS

Attempt to Scale the Walls, but Imperial Troops After Severe Fighting Succeeded in Driving Them

Kong, Sept. 23—The imperial have repulsed an attack made city of Yo Chow on the Yang river, province of Hu Nan, rebels.

stormed the city and then walls, but after some sharp were driven back.

fection in the Kai Chow is spreading and the inhabithe Kwang So border are now the movement to obtain re- the grievances complained increased taxation and charged for foodstuffs.

BOYS FOUND GUILTY.

Convicts Two Brothers of Mur- Recommendation to Mercy.

ton, Ga., Sept. 23.—The jury at 9:30 o'clock Saturday brought in a verdict of guilty recommendation to mercy for and Queed Jones, for the murRobert F. Adams. Judge Lewis both men to life imprison-

prisoners showed no emotion the verdict and a nervous and a nervous twitching of Pohce.

night they were in their cells their guitars and whistling, to return to their homes.

jury was out seven hours. Before reaching a verdict they were "How Firm a Foundation," Leadeth Me."

packed the court to listen to closing argument. This closes most remarkable murder trial in history of Putnam county and feud in Georgia.

JAPS FORCED TO LEAVE.

Land on River Steamer and Started Toward Vancouver.

land, Oreg., Sept. 23.—A dis- to the Oregonian from Seattle that seventy-seven Japanese arriving at Atlin Thursday night work in the mines, were escorted river steamer Gleamer by 300 Friday morning and started back Vancouver.

white miners served notice upthe Japanese that if they did not away violence would be shown domestic the diggings against the labor.

Japanese are almost destitute will be turned loose in Skagway, Alaska.

REMARKABLE LONGEVITY.

Slave Reached the Age of 113 Years.

Md., Sept. 23.—George W. a former slave, died this week Bowlandsville at the age of 113 one month and fourteen days. birth record of the Harris famis said to have been accurately by the owners of these negro who lived in Hartford county.

According to the record, Harris' grandmother was 117 years old she died, while his mother died the age of 121 years.

Fifty Years at the Bar.

Ga., Sept. 23.—Hon. Joel one of the widest known of the Georgia bar, will cele- his 50th anniversary at the bar a Bohemian smoker next Thursevening at the Elks' club house.

Fatal Gas Explosion.

Barre, Pa., Sept. 23.—By an of gas in one of the mines Lehigh and Wilkesbarre Coal at South Wilkesbarre Saturmen were killed and five

HAUNTED BY WIFE'S GHOST.

Appeal of Man Who Wants to Take Her Body from Potter's Field.

New York, Sept. 23.—Declaring that for two years he had been haunted by his wife's ghost, John Chase, a laborer, of 261 East Seventy-third street, appealed to Coroner Harburger to assist him. His wife committed suicide in 1905 by jumping into East River.

When the body was recovered Chase was sent for but he denied knowing the woman. He told Coroner Harburger that he had refused to make the identification owing to the gossip of his neighbors, who had said he was glad to get rid of his wife because he wanted to marry a young woman.

"That was why I let them bury her in the potter's field," Chase said, "but I've had no peace of mind ever since, nor sleep. Night after night she comes to the foot of my bed and shakes me for having let her be buried with the unknown dead. I want a decent burial and I will have it. Please let me do her that much and I hope to rest in consequence."

Coroner Harburger said that he could do nothing in the matter, as the city authorities, at the time of the burial, would gladly do that if it was to give him any comfort. But it was up to the health department, he said, to give permission to disinter the body.

"The blessing of God on you all," said Coroner Harburger as the health department.

LIVED WITH HOLE IN HEART.

Physicians Astonished at the Autopsy's Disclosures.

New York, Sept. 23.—Coroner's Physician Philip F. O'Hanlon, acting under orders from Coroner Julius Harburger, made an autopsy in the presence of nearly the entire staff of the New York hospital on the body of Florence Stevens, 33 years old, who was taken in an unconscious condition from her home at 127 West Twenty-fifth street, to the hospital.

The autopsy revealed a rupture of the heart which the physicians and surgeons said, so far as they knew, was without a precedent in medical annals and showed the wonderful attempts of nature to heal a wound which has hitherto been believed to be fatal.

Making the case more strange was the discovery that in addition to this aneurism of the heart the woman had several other diseases, any one of which in most cases caused quick death.

Man Withstands 11,000 Volts.

Stamford, Conn., Sept. 23.—Geo. Betts, an electrician of Brooklyn, is believed to be a nonfusible electric conductor. While at work on the New Haven road at Cosco he picked up a wire carrying 11,000 volts of electricity. A pair of pliers he held short circuited the current on the box of a circuit breaker and flames shot into the air thirty feet. Betts was burned badly about the arms and face and one arm was temporarily paralyzed, but within a short time he was able to walk about.

Carrie Nation to Workhouse.

Washington, Sept. 23—Mrs. Carrie Nation, who was arrested for lecturing a crowd from the steps of the post-office department building, rejected the offer of Police Judge Mundy to accept her personal bond not to repeat the offence, and declining to pay the fine of $25 he imposed for the charge of disorderly conduct, was sent to the workhouse for 17 days.

Haynes Declared Not Guilty.

Birmingham, Ala., Sept. 23.—Harry Haynes, charged with the murder of Thomas C. Howlett, was declared not guilty Thursday night. The sensational tragedy occurred in May, 1906, and in addition to Howlett, John T. Stewart was killed and Leonard Poss, Frank Lee and E. W. Tyus seriously injured.

Smuggled Tobacco in a Coal Bunker.

New York, Sept. 23.—Custom house officials have seized on the tank steamship Rotterdam, lying at Bayonne, 240 pounds of Sumatra tobacco hidden in one of the bunkers. Captain Doveezen of the vessel gave them every facility in hunting for the smuggled goods.

PLUNGED DOWN SHAFT

Eleven Men Were Killed and Seven Fatally Injured,

FELL DISTANCE OF 675 FEET

Cage in Which Miners Were Making Descent Hoisted to Bottom of Mine By Giant Hoisting Drum Suddenly Giving Way.

Negaunee, Mich., Sept. 23—By the parting of the cable 675 feet down the shaft of the Cleveland & Tangaskin Steel company's mine, Fifty-eleven men were killed outright or fatally injured.

The cage was making its first descent with the shift when the disaster came. Workmen at the bottom of the shaft were instantaneously and abruptly relieved of their duties

POSTMASTERS WILL MEET TODAY

Postmasters' League of the Fourth Class Invade the City.

MANY DELEGATES EXPECTED

President Weeks and Inspector Beatty Already Here, and Incoming Trains Today Will Bring Many Delegates from Every Section of State.

Today will witness the convention of another State association in Gainesville, being the annual convention of Florida Postmasters of the Fourth Class, which embraces the postmasters of a hundred or more prosperous little cities of the State.

The meeting will be held at the Elks' Home, through the courtesy of Gainesville Lodge No. 999, and every preparation has been made to show the delegates a good time. The committees of the whole and the sub-committees have been busy for the past few days arranging a program and other details, and Postmaster Louis A. Lynch and Assistant Postmaster Miss M. Bell have also had their hands full arranging for the entertainment of the city's guests.

Delegates Arriving.

Although it is not expected that the majority of delegates to this convention will arrive until noon today, quite many of them even later on the afternoon trains, several are already here, among whom are the president of the association, Postmaster G. M. Weeks of Glen St. Mary, and Postoffice Inspector Beatty of Jacksonville. These gentlemen, with others, have made their headquarters at the Elks' Home.

Entertainment Committee.

Mayor W. R. Thomas several days ago appointed the following gentlemen as a committee to make the necessary arrangements for the entertainment of the visitors, and this committee has done its work well:

J. F. Thompson, E. E. Cannon, H. H. Mowry, Fred Bayer, W. B. Taylor, R. W. Shands, Prof. P. H. Rolfs, L. S. Hutchins, E. A. O'Neill and F. P. Fleming.

Meeting This Afternoon.

The first session of the association will convene at 2 o'clock this afternoon in the Elks' hall, and in the absence of Mayor Thomas, who is unavoidably out of the city, Dr. Andrew Sledd, president of the University of Florida, has kindly consented to deliver the address of welcome on behalf of the city.

The following program has been prepared for this occasion:

Address of Welcome in behalf of the city, by Dr. Andrew Sledd.

Response by President Geo. M. Weeks of the association.

Greetings and enrolling of delegates.

Reading of minutes of last meeting.

General discussion—"What is the Best Evidence That a Postmaster of a Fourth Class Office is a First-Class Postmaster?" Leader to be selected.

Paper—"What Shall We Do to Be Saved?" Vice-President Turner.

Question Box.

Address by Postoffice Inspector Beatty.

Other Sessions.

There will be other sessions of the association Wednesday and Thursday. The business session will be held probably Wednesday, to be announced later. At this session there will be the appointment of committees, the report of the secretary and treasurer, reports of committees, election of State League officers for the ensuing year, also the election of delegates to the National convention, which will be held in Washington in October. The program will be published in order each day.

PISTOL TOTERS SENTENCED.

Two Colored Men Brought Here and Jailed for Carrying Pistols.

Because they persisted in carrying pistols, two colored men were brought to this city from Wilcox Monday by Constable Chas. Martin and placed in jail to serve their sentences in the "gang," having been unable to pay their fines.

The names of the men could not be learned. They were convicted in Justice J. M. Everett's court at Wilcox, however, and one was sentenced to pay a fine of $200 and costs or serve five months in prison, while the other was fined $100 and costs or [illegible]

GARDEN TIME

If You Are Going to Have a Garden You Will Have to Get Busy.

Our Stock of Garden and Lawn Implements

Will Interest You.

Garden Hand Plows.
Garden Spades, light and strong.
Garden Rakes, teeth sharp and tough.
Hoes that will hold their edge.
Shovels and Forks.
Galvanized Water Pots, all sizes.
Wheelbarrows.
Lawn Mowers.
Tree Trimmers.
Pruning Shears.
Garden Hose and Sprinklers.

Baird Hardware Co.

Agricultural Implements
Farming Supplies.....

will go up for three months in default of a hundred dollar fine.

It seems as though the practice of carrying concealed weapons would cease, as it is a dead sure case of conviction and a heavy fine or imprisonment in every instance where the offender is apprehended.

MR. WESTON HERE.

Former Manager of Biltmore Farm Visiting Manager Callison.

Among the prominent visitors to this section of the State is George F. Weston of Arden, N. C., who is here as a guest of Manager N. A. Callison, of Spring Park Farm.

Mr. Weston was for a long time the efficient manager of the famous Biltmore Farm, the property of Vanderbilt, but resigned in order to take charge of his own place.

Mr. Weston is thoroughly posted on cattle and live stock of all kinds, and his knowledge in this direction had a great deal to do with the success of Biltmore, which is one of the finest institutions of its kind in the United States. He is by no means a stranger to Florida cattle men, as he has on previous occasions visited Manager Callison.

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Leak of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all Skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

Maxim Gorky Marries Affinity.

New York, Sept. 23.—Maxim Gorky, author and revolutionist, has at last married his affinity, Mme. Andreievo, the pretty actress who accompanied him to America last year, and who at first was taken for his wife. The news of the marriage comes from the Island of Capri, where the Russian writer and his bride are living quietly and happily.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

IN MAYOR'S COURT.

Number of Offenders of Municipal Laws Were Up Monday.

There was a large docket in the city court Monday morning, there being a number of alleged gamblers—crap shooters, as well as others—before the mayor.

Geo. Scofield was arraigned upon a charge of disorderly conduct, the prosecuting witness being Joseph Warren. Owing to the absence of witnesses the case was postponed until next Monday.

Sam Cook, colored, charged with being intoxicated, was fined $1 and costs.

Burk Tillman, colored, drunk and disorderly, $5 and costs.

Bish Thomas, Randolph Brown, Shakespeare Peter, Fletcher Hilton and Sam Green, all colored, were arraigned for gambling. Officers Arnow and Walker having arrested them Sunday morning in the vicinity of the Seaboard Air Line depot in the act of shooting crap. The defendants pleaded guilty, and were sentenced to pay a fine of $5 and costs each.

At the conclusion of the mayor's court the gamblers were rearrested and arraigned in Justice Colman's court, where they were also assessed a fine of $5 and costs each.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from Gainesville and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that J. W. McCollum & Co. gives with every outfit that they sell, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, J. W. McCollum & Co. will refund your money.

The complete Hyomei outfit costs but $1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from J. W. McCollum & Co. if you have any catarrh.

UNIVERSITY BOYS COMING.

Many of Them Arrived Monday, and Were Greeted by Friends.

The coming opening of the fall term of the University of Florida, which will occur tomorrow morning, is bringing many of the students back to Gainesville, and at every train friends of last year's students, as well as those who are entering for the first year, are there to greet them.

Among those who arrived Monday were H. Earle Bous, Arthur Albertson, Roy Corbett, James Kirk, Clifford Haughton and Raymond Kay of Jacksonville, and Eugene C. Bryan of Kissimmee.

All these young men are quite popular here, and friends are glad to welcome them to resume their studies at the University.

No Trace of Harold Telford.

Berne, Switzerland, Sept. 23.—Notwithstanding the efforts of the American consulate in Switzerland have obtained any trace of Harold M. Telford, of Gainesville, Ga., who left England Aug. 30 on a mountain climbing expedition. The theory that he is the victim of an Alpine accident has been abandoned as no unidentified body has been found. Congressman Thomas M. Bell of Georgia, has cabled to the president here to assist in the search.

A Fast Train.

Passenger—Does this train stop anywhere for dinner? Brakeman—Nah. It don't. Passenger—Then I understand for the first time why it is called a "fast" train.—Judge.

GAINESVILLE FURNITURE COMPANY

NEWS OF CITY AND COUNTY CONDENSED

O. J. Griffin and W. J. Griffin, two extensive naval stores operators of Hampton and Starke, respectively, are in the city, having come for the purpose of purchasing stock for their places.

Mrs. H. Hochstrasser and Prof. M. T. Hochstrasser, the latter a member of the faculty of the University of Florida, have returned from a pleasant visit of several weeks to Atlanta, Georgia.

Dr. and Mrs. J. H. Alderman have returned from a pleasant visit to Jamestown, Washington and Richmond. Dr. Alderman attended the National convention of dentists at Norfolk.

Geo. C. Crom, former agent of the Southern Express Company at Ocala but now postmaster at that place, is in the city. Mr. Crom resided in Gainesville for several years, and has many friends here.

G. W. Easterling of Irvine, proprietor of the Irvine Crate Company, was a business visitor to Gainesville yesterday. This is one of the largest crate manufacturing plants in the State, and enjoys an extensive trade.

W. T. Chesnut of Arredondo spent yesterday in Gainesville on business and with his family. Mr. Chesnut states that the rain was severe in his section, and it is feared has resulted in damage to the crops, especially cotton open in the field.

Geo. K. Robinson, a well-known and prominent citizen and business man of Ocala, left for his home yesterday, after a business trip here for the past two or three days. Mr. Robinson and family have spent the summer very pleasantly at Daytona Beach, with a colony of their Ocala friends.

Mr. and Mrs. Chas. Birt have gone to Louise for a few days, where they will be guests of the former's parents. They will also attend the marriage of John Millican and Miss Della McKinney, the accomplished daughter of Mr. and Mrs. Chas. McKinney, which will occur at the home of the bride's parents at Louise tomorrow morning.

Mrs. F. T. McCormick, the milliner, has returned from the Northern markets, where she has been for the past few days selecting her new fall line. She purchased largely, securing some of the latest creations in the millinery art. Her goods are now arriving, and she will make formal announcement of her fall opening in a few days.

Eugene M. Sanchez, formerly with the Clyde Line at Jacksonville but for the past year and a half with Foster & Reynolds, general real estate and advertising agents, Havana, Cuba, left yesterday for Havana, after a brief but pleasant visit to his uncle, Col. E. C. F. Sanchez, here. He was en route from the North, where he has been on his annual vacation.

Attention is called to the change of advertisement of the Gainesville National Bank, which appears in this issue. This enterprising institution announces that it has now 266 deposit customers, and is adding new ones every day. Through courteous treatment and conservative management this new bank is rapidly coming to the front as one of the leading financial institutions in this section of the State.

The city editor of The Sun has received a souvenir postal from his friend, Robt. E. Davis, who is spending a few days taking in the sights of the Jamestown Exposition. Col. Davis stated that he was thoroughly enjoying his trip, and was thoughtful enough to express his wish that we were there to enjoy it with him. He expects to visit Washington, Baltimore and New York before returning home.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and to well-informed druggists that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the highest standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

NEW UNIVERSITY PROFESSOR.

Dr. E. M. Banks, a Noted Educator, Will Fill Chair Here.

Dr. E. M. Banks, Ph. D., for many years connected with the Columbia University of New York City, and one of the most capable educators in the country, has arrived in the city and will for the coming term occupy a chair in the University of Florida, succeeding Dr. D. Y. Thomas, professor of history and economics.

Dr. Banks comes highly recommended, and President Sledd feels that he will make a good man.

Dr. Thomas, who is also a fine educator, has accepted a position in the University of Arkansas. Friends very much regret to see him leave, but trust that he will be pleased with his new position.

CORRUPTION FUND AND BENEFIT.

The Republican National campaign fund expended by Chairman Cortelyou for the Roosevelt election is reputed to have been a little more than $4,000,000. Where and how did they get it? The official evidence in the life insurance investigating showed that part of it came from the trust funds of policy holders that should have been sacred to widows and orphans; that Harriman, who the President now charges is an undesirable citizen, gave $50,000; that the discredited Depew gave $25,000, and his friends in Wall Street about $100,000 more. That Mr. Rogers of the Standard Oil Trust, and Mr. Stillman, president of the National City—the Rockefeller—Bank, and a number of other trust and corporation magnates were also subscribers, is charged and not disproven, and where the other millions came from is not certainly known, but large amounts were undoubtedly paid by the protected trusts which have always been liberal producers of corruption funds to keep their Republican friends in office. That is the chief reason the tariff has not been revised. The other contributors have also had their quid pro quo, for no one seriously believes that the Standard Oil Trust will ever pay the fine assessed against it. We know that Harriman will get immunity. We know that Depew was elected Senator by the aid of the administration. We know that the Standard Oil banks have large government deposits, without interest, and when the names of the subscribers are divulged there will probably be no difficulty in tracing favors received. Does not this evidence of the trusts and corporations having paid these large sums to the Roosevelt campaign fund plainly show that the charge made by Judge Parker just before the election of 1904 was true, although President Roosevelt denied it? Yet no restitution even of the widows and orphans' funds have ever been made by the Republican National Committee, and President Roosevelt has never made the amende honorable to Judge Parker, or even a poor excuse, which would be better than none. It is quite probable that the same dastardly tactics will be resorted to in coming elections, and this evidence of Republican corruption and dishonor is produced to prevent voters from being again deceived in the same or some similar manner. When you see or hear of large amounts of money being expended at some future election, just ask yourself the question: Where and how did they get it?

Secretary of the Navy Metcalf has announced that there is no idea of sending any of the admirals on the retired list around Cape Horn with the battleship fleet. This leaves the prospect exactly as it was at first with Admiral Evans, familiarly known as "Fighting Bob," the logical commander of the big squadron. It is a little remarkable that there should ever have been any question of selecting some of the retired officers for this important command. It has been spoken of by the administration as a practice cruise pure and simple. Of course that is what it will be officially, but the incidental effect on our prestige in the Pacific will not be overlooked. Still, the chief value of the cruise will be in training the officers of the navy to handle big units in squadron formation. It may be a long time before there is a war—it is to be sincerely hoped that it will—and there seems little use in lavishing the training and experience on some commanding officer who probably will be dead and buried before he has a chance to use it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonals.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

Postmaster-General Meyer is preparing to do a lot of things during the coming winter. He wants to establish a parcels post system, to start postal savings banks and, perhaps hardest of all, to introduce stamp-selling machines. Now there has been a good deal of discussion of the two former propositions, and people at large are well convinced that they are good things if they can be secured from Congress. But about the stamp machine there is an entirely different trouble. There is no opposition to the introduction of such machines, but there has never yet been one put on the market that was a mechanical success. A number of them have been tested by the Postoffice Department, and all have fallen short somewhere of being a complete success. The mere fact that stamps are flimsy pieces of paper and sticky on one side has made their vending from stamp machines a difficult problem. If anyone can produce a machine that unquestionably will work under all conditions they will have a good chance to dispose of it to the Government, because the head of the department just now is nothing if not up-to-date and is anxious to exploit the idea.

There is at last a prospect of a real baloon corps for the American army. To be sure it is only a corps consisting of two officers and nine men, but this country has been lamentably behind all the other powers in this line of work, and it is high time we were catching up. Nearly every European power has an airship of some kind now, and there is no question that as crude as are airships in the present day they would be immensely valuable in case of war. There is room for all sorts of improvement in aerial craft, but this country has proved pretty good at making improvements in the past, and it is high time we were devoting some attention to this form of navigation.

The New York World insists that Secretary Cortelyou should resign because of his campaign fund activities of 1904. Mr. Cortelyou is too busy thinking about contributions next year to be disturbed by ancient scandals.

MEN AND WOMEN

S.S.S. DRIVES OUT RHEUMATISM

The cause of Rheumatism is a sour, acid condition of the blood, brought about by indigestion, chronic constipation, and the accumulation in the system of refuse matter which the natural channels have failed to carry off. This refuse or waste matter, generating an acid which is absorbed into the blood, destroys the red corpuscles of the blood and Rheumatism gets possession of the system. Some people are also born with a predisposition or tendency to Rheumatism, and in many cases it can be transmitted from parent to child. The aches and pains of the disease are only symptoms which you may relieve with liniments, plasters, hot teas, etc., or deaden with opium. As soon, however, as such treatment is left off or there is any exposure to cold, dampness, after an attack of indigestion or constipation, the pains, aches and pains in the muscles and joints, and tender places on the body return, and the sufferer finds that he has merely checked the symptoms while the real cause of the disease remains in the blood. Rheumatism can never be cured while the blood remains saturated with irritating, poison-producing uric acid poison. S. S. S. cures Rheumatism by driving the acid out of the blood. It thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. S. S. S. stimulates and invigorates the blood so that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the muscles, joints, nerves and bones, the body is soothed and nourished by rich, healthful, life-giving blood. S. S. S. is a purely vegetable remedy and permanently cures Rheumatism. S. S. S. is composed of roots, herbs and barks which possess absorbent and tonic properties just what is needed in every case of Rheumatism. Write us about your case and our Rheumatism and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

WASHINGTON NEWS LETTER

Navy Department Purchases Coal From British Contractors.

DEATH OF MAJ. CARROLL, U. S. A.

Discoverer of the Famous Mosquito Transmission Theory of Yellow Fever—Confirmation of Disastrous Explosion on Japanese Battleship.

Special Correspondence The Daily Sun.

Washington, D. C., Sept. 23.—The Navy Department admits that it has accepted tenders for about 100,000 tons of coal from England contractors, principally for the use of the battleship squadron on its journey to the Pacific. This arrangement has of course excited much adverse comment in this country, but it is simply a case of the Government doing what any private party would do—buying in the cheapest market. And the American contractors have themselves to blame for the opportunity being opened to the foreign bidders. There has been an organized attempt on the part of the coal magnates to "hold up" the Government on coal contracts. The coal consumption of this country in the past year has been greater than ever before, but the reports of the Mineral Resources division of the Geological Survey show also that the production has been greater than ever before in anthracite and soft coal. There has been no strikes, there has been no car shortage, and not more than the usual freight congestion, but there has been a cry from all the mining companies of a shortage in coal, the cry being preliminary to the rise in prices which promptly followed. There have been threats also of an advance in the price of hard coal for domestic uses, an advance over anything that this country has ever suffered before. There is no apparent economic reason for this move, and the officers of the Navy Department have done the natural and sensible thing in going abroad for coal where they could get it. Such persistent grinding of the unfortunate consumer can lead to but one thing, and that is further Government action against the extortionate combines of one sort and another which, protected by an insurmountable tariff, still exact the last penny possible from the helpless "common people" for the bare necessities of life.

The death was recorded in Washington last week of Maj. James Carroll, U. S. A., the last but one of the famous yellow fever commission which developed the "mosquito transmission" theory of yellow fever in Cuba just after the close of the Spanish war. The head of this commission was Maj. Walter Reed, curator of the Army Medical Museum in Washington, and one of the greatest experts on tropical diseases in the country. With him as second in rank was Dr. Carroll. The honor of discovering the mosquito method of transmission was about equally divided between these two officers. It is hard to give more credit to the one than to the other, but Dr. Carroll was the man who offered himself as a sacrifice when the theory was to be put to its final test. He allowed himself to be bitten by an infected mosquito that had been feeding on yellow fever cases, and he developed the disease within four days. It was a discovery that ranked with the discovery of vaccination against smallpox or the discovery of anaesthetics and antiseptics in surgery. It enabled the authorities for the first time to understandingly fight yellow fever, which had cost millions of dollars and thousands of lives in this country alone. Dr. Carroll was a martyr to science, for he never recovered his health, and died of a bacterial disease of the heart that was a direct result of his experiments.

Dr. Carroll had a remarkable career and one that ought to be an incentive to any poor boy. He was born in England, and had a good ordinary school education, and came to this country where he enlisted in the medical corps of the army. He was an expert microscopist and worked up in the service, being sent finally to Cuba and being rewarded for his work there by a commission as first lieutenant in the Medical Corps. It was not till about a year ago that he was promoted by special act to the rank of major, and unfortunately soon after that he was striken with his last illness. His medical achievement can scarcely be overestimated.

The Navy Department has received confirmation of the report from Tokio of the disastrous explosion on the Japanese battleship Kashima, resulting in the death of thirty-two and the wounding of eleven men and officers. The condolences of the President and of the Secretary of the Navy were promptly transmitted to Japan. The accident was peculiarly interesting to the officers of the American Navy, following as it did in the wake of the numerous disastrous explosion in turrets of American warships. The Japanese Government is very secretive about the details of all such accidents and it is not definitely known whether the disaster was the result of a "flareback," such as has been responsible for so many disasters in the American Navy, or whether it was owing to the deterioration of the famous shimose powder with which the Japanese shells are loaded. The bursting power of these shells is said to be terrific and was exemplified in the destruction wrought on the Russian vessels in the late war. It is said, however, that the shimose powder, like the English lydite, deteriorates very quickly, and when it once goes back will go off with little or no provocation.

The American Navy has just secured a new explosive reported to be even more powerful than shimose, and known as Dunnite. This explosive has been subjected to all sorts of tests, except that of time. It is said to have proved very safe and satisfactory to handle, but if it can withstand the test of time it will be the first of the high explosives that has ever done so.

Reports to the State Department show that the new expatriation law is working excellently, and is hailed with satisfaction not only by this country, but by the countries having diplomatic dealings with us. It is nothing more than a law by which a naturalized citizen automatically loses his American citizenship after residing abroad two years, unless he renews it by registering before an American consul or minister. The law is designed to check the practice of foreigners who become naturalized in this country and then go home and defy their native laws, relying on their American citizenship to protect them. This habit has been very common of late and has put this country in an awkward position several times. With the new law, however, a man has to keep his citizenship fresh and be stamped distinctively as a subject either of one country or the other.

A CONVALESCENT'S SAD CONDITION

Attack of Inflammatory Rheumatism Left Sufferer With No Appetite—Skin Peeled and Hair Came Out in Bunches—Bed Sores Developed—All Treatment Failed Until

A TRIAL OF CUTICURA PROVED SUCCESSFUL

"About four years ago I had a very severe attack of inflammatory rheumatism. I was taken very ill and was soon in a high fever. I did not leave my bed for four months, and during three of those months I could not move voluntarily, the pain was so intense. My skin peeled, and the high fever played havoc with the lustre of my hair, which came out in bunches. I also had three large bed sores on my back,—two on the shoulders and one at the waist. I could have cried the first time I saw myself in a mirror. I had lost fully thirty-six pounds, and looked like a consumptive. I did not gain very rapidly, and my appetite was very poor. When I was able to get around, I had all my friends advising remedies, and all guaranteed 'sure cures.' I tried many, but they were of little help, and until I tried Cuticura Resolvent I had had no real relief. That gave me such an appetite that I felt half starved about all the time, and I immediately began to gain in weight, my complexion cleared, and I felt better. The bed sores went very soon after a few applications of Cuticura Ointment, and when I used Cuticura Soap as a shampoo and Cuticura Ointment as a massage, my hair began to regain its former glossy appearance. I am really all made over, and cannot say enough for the Cuticura Remedies. Mrs. Lavina J. Henderson, 138 Broad St., Stamford, Conn., March 6 and 12, 1907."

ITCHING DEVILS

Are little patches of eczema on the skin, scalp, or hands, which are instantly relieved and speedily cured, in the majority of cases, by gentle anointings of Cuticura Ointment, the great Skin Cure, preceded by warm baths with Cuticura Soap. This treatment succeeds when all else fails, and is pure, sweet, permanent and economical.

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults, consisting of Cuticura Soap (25c.) to cleanse the skin, Cuticura Ointment (50c.) to heal the skin, and Cuticura Resolvent (50c.) in the form of Chocolate Coated Pills (25c. per vial of 60) to Purify the Blood, may be had throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, U. S. A.

Mailed Free, Cuticura Book on Skin Diseases.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

THE VETERANS WILL MEET IN PENSACOLA

State Convention Will Be Held In Deep Water City In October.

LETTERS OF GENERAL JEWELL

Sends to Various Camps Throughout the Country a Circular Letter That Will Prove of Deep Interest to Confederate Veterans in Florida.

The State convention this year, being the seventeenth annual convention of the United Confederate Veterans, will be held in Pensacola on Wednesday and Thursday, October 23 and 24. Commander W. H. Jewell has issued the following circular letter, which will prove of interest to the veterans:

"The Seventeenth Annual Convention and Reunion of Florida Division, United Confederate Veterans, will be held at Pensacola, on Wednesday and Thursday, October 23 and 24, next.

"All camps in this division should be represented. Each camp is entitled to one delegate for every twenty members in good standing and one additional delegate for any fraction over ten members; but each camp in good standing is entitled at least two delegates. Camps in arrears for dues for the year, including 1907, are not in good standing and not entitled to representation.

"All camps which have not already done so will at once report to Col. R. [illegible], adjutant-general, at Jacksonville, giving names of delegates, reporting date and reporting names of members in good standing.

"The division commander is pleased to announce a new camp organized at Anniston, in Calhoun county, within the jurisdiction of the First Brigade, named Clark Camp, No. [illegible], with W. B. Clark as commander and J. Wood as adjutant.

"The following railroads have generously given rates of one cent a mile for the round trip, plus 25 cents: Atlantic Coast Line, Florida East Coast, Louisville and Nashville, Georgia Southern and Florida, the L. & N. and the Seaboard Air Line. Tickets will be on sale at coupon stations only October 21, 22 and 23, good to return up to midnight of October 26.

"All comrades of the U. C. V. and all Sons of Confederate Veterans and ladies of the Daughters of the Confederate Veterans are cordially invited. The comrades of Ward Camp No. 10, U. C. V., and the generous citizens of Pensacola generally ask us to give them a big gathering and are determined to make the social feature of this occasion unusually interesting and pleasant. Your commander is glad to say that he has the promise of the presence with us of the beloved past commanders of this division and now honorary commanders thereof, Major-Generals E. M. Law and Francis P. Fleming.

"The division commander has pleasure in announcing the following ladies as sponsor and maids of honor:

"Sponsor, Miss Daisye Hyer; Maids of Honor, Miss Julia Floyd Lee and Miss S. Cary Abercrombie.

"These ladies are daughters of brave and loyal soldiers of the Southern Confederacy and will be respected and honored as official representatives of this division with that chivalric devotion peculiar to the South and its manhood.

"Commanders will read this order to their camps at the first meeting after its reception; and they the members of the division staff will request the newspapers in their vicinity to publish the same for the information of the comrades and others.

"By command of Mayor-General
WM. H. JEWELL,
"Commander Fla. Div., U. C. V.
"Official: ROBERT J. MAGILL,
"Adjutant-General and Chief of Staff."

Stonewall Camp, United Confederate Veterans, will hold a meeting in a few days to elect four delegates and four alternates to this convention. Commander Horatio Davis is at present out of the city, but is expected back in a short time.

The last annual State meeting of the United Confederate Veterans was held in this city, and was well attended. It proved a most enjoyable affair, and will long be remembered by those who came here as delegates.

Gainesville Man Suggested.

The question of a commander to succeed Commander Jewell, who has made a most magnificent officer, is being mentioned, and many names have been suggested; but the friends of Hon. Horatio Davis of Stonewall Camp feel that he is entitled to the honor, and will no doubt work for his election to that high position. Judge Davis is not only a true and devoted veteran, but a man of great ability, and his election would prove an honor to the veterans.

Gifts for Brave Marines.

Dublin, Sept. 23.—The chairman of the Mercantile Marine Board, on behalf of President Roosevelt, has presented to Captain J. C. McKenzie and Chief Officer A. W. Trenadt of the Liverpool sailing ship Barcore a gold watch and chain each in recognition of their bravery when they risked their lives in rescuing the shipwrecked crew of the American sailing ship Great Admiral.

Rheumatism.

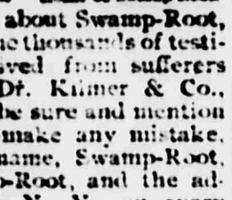
When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M Johnson.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, depresses and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the [illegible] too often, if the urine scalds [illegible], or if, when the child reaches an [illegible] it should be able to control the [illegible], it is yet afflicted with bed-wetting depend upon it, the cause of the difficulty is kidney trouble, and the first effort should be towards the treatment of the important organs. This unpleasant condition is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. Its mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.



Home of Swamp-Root.

Four per cent paid on Time Certificates of Deposit. Office hours 9 a. m. to 3 p. m.

POISON FIEND ABROAD.

Terror Spread Among the Residents of Allegheny, Pa.

Pittsburg, Pa., Sept. 23.—A mysterious poisoner, probably afflicted with a mania for taking life, is causing terror among families in the immediate neighborhood of Grant and Allegheny. Having been successful in causing the death of a number of horses and [illegible] believed to have attempted Thursday to kill a white family. The victims are Mrs. [illegible] Hoffman, 44 years old; Fred [illegible], 32 years old; Charles [illegible], 7 years old; Esther Hoffman, 5 [illegible] Turcher, 5 years old, the child of a neighbor.

The fiend placed [illegible] soup that had been left in an outside refrigerator over night. Every one who partook of the soup was taken violently ill after the meal. Physicians were called. The symptoms were those of arsenical poisoning.

40 KILLED IN A WRECK.

Wreck on Mexican Central More Disastrous Than at First Reported.

El Paso, Tex., Sept. 23.—Advices show that forty persons were killed and thirty four injured in a collision between the southbound Juarez express and a [illegible] on the Mexican Central railroad at Encarnacion de Dios, 50 kilometers south of Aguas Callentes. All the killed and injured except Engineer McCandless, of the passenger train, are Mexicans, who were returning home from national fiestas. The trains met on a curve.

The freight crew, who are charged with having disregarded orders, has disappeared.

Many Vessels Driven Ashore.

St. Johns, N. F., Sept. 23.—The heaviest gale recorded here in forty years swept the Newfoundland coast Thursday. Reports from fishing villages and settlements showed that five lives were lost. The storm struck many fishing vessels and eleven schooners and sloops were driven ashore at various points or foundered at their moorings. A large number of vessels are on their way to New Foundland from Labrador where the fishing season closed a few days ago, and it is feared more disasters will be reported. The eleven vessels wrecked put into half a dozen harbors for shelter, but were driven ashore or sunk. The storm caused heavy damage to fishing gear, wharves, etc.

Rusty Nail Caused Death.

Atlanta, Sept. 23.—After suffering three days with blood poison, caused from a nail piercing his foot, G. H. Hebert passed away at the Grady hospital Friday afternoon. Several days ago the deceased, through an accident, ran a nail in his foot. Immediately afterward blood poison set in and his condition rapidly grew worse. He was taken in an ambulance to the Grady hospital, but after suffering the intensest agony for an hour the young man succumbed. He was thrown into convulsions, on account of the blood poisoning, and never regained consciousness.

Fell 11 Stories and May Live.

New York, Sept. 23—John Griffin, 19 years old, of 185 Manhattan avenue, Greenpoint, who is employed in the city investigating building in Cortlandt street, stepped too near an open elevator shaft on the fifteenth flood and fell to the fourth floor. He got a broken leg, a broken nose and several bruises. It was said at the Hudson street hospital that he has a fair chance to live.

New Home for Masons.

New York, Sept. 23.—New York Masons, long housed in an old fashioned buildings at Twenty-third street and Sixth avenue, are to have a new 12-story home which is to cost $800,000. It is to be an annex to the rear of the present structure, but it will be the real Masonic home in Manhattan.

Gross Receipts of $9,499,659.

Chicago, Sept. 23.—The annual report of the Yazoo and Mississippi Valley Railroad company, just issued from the general offices of the Illinois Central in this city, shows gross receipts of $9,499,659; operating expenses, $7,679,720; net earnings, $1,819,939. The surplus over fixed charges was $71,206, an increase of more than 140 per cent over 1905-06.

Shake Alarms Californians.

San Francisco, Calif., Sept. 23—An earthquake shock that brought residents of this city into the streets in alarm and caused a general shake up in the arrangements of many families was experienced here. The direction of the shock was from the southeast to northwest and was pronounced rumbling noise.

A Most Valuable Agent.

The discovery of Dr. Pierce's medicines [illegible] properties which [illegible] medicinal roots [illegible] many other [illegible] possess [illegible] being a valuable [illegible] antiseptic and [illegible] greatly [illegible] Golden Seal root, Stone root and Queen's root contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, [illegible] when these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and laryngeal troubles and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There's no alcohol in it.

OWNS ONE-FIFTH.

Holdings of Rockefeller in the Standard Oil Company.

New York, Sept. 23.—A record of the property holdings of the Standard Oil company of New Jersey, part of which was placed in evidence Friday in the government's suit against the oil combine, shows that John D. Rockefeller owns 247,092 shares of stock and that its holdings are almost five times larger than the share holdings of any other individual interest. The record shows, though, that since the dissolution of the liquidation trust Mr. Rockefeller has disposed of nearly

Based on the present market value

Based on the present market value of $440 for Standard Oil stock, Mr. Rockefeller's interest in the company is valued at about $108,000,000.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

League of American Municipalities.

Norfolk, Va., Sept. 23.—The League of American Municipalities adjourned sine die Friday, after selecting Omaha, Neb., for the 1908 convention. Officers were elected as follows: President, J. Barry Mahool, mayor of Baltimore; vice president, Silas Cook, mayor of East St. Louis; secretary-treasurer, John Macvickar, Des Moines, Iowa. The trustees include William J. Mosey, mayor of Fort Wayne, Ind., and Mayor Joyner, of Atlanta, Ga.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by W. M. Johnson.

Aoki to Stay at Washington.

Tokio, Sept. 23.—The foreign office has decided that Ambassador Aoki shall remain at Washington. Baron Tsuitsuki, now representing Japan at the Hague conference, will succeed Ambassador Inouie at Berlin.

Strike of Shoe Cutters.

St. Louis, Mo., Sept. 23.—An order for a strike of shoe cutters belonging to the International Boot and Shoe Cutters' Union of Missouri, resulted in all but the 1,100 shoe cutters in St. Louis refusing to work. No strike was declared to exist pending further hearings.

Asquith Can't Vote in England.

London, Sept. 23.—On the ground that he was not entitled to vote, the name of Anthony [illegible] was stricken from the register of voters at Cowes, Isle of Wight. Dowd is an American who has resided for some time in England.

Steamer LaFourche Burns.

New Orleans, La., Sept. 23.—The Mississippi river steamer LaFourche was burned to the water's edge Friday 12 miles above New Orleans. All the cargo, 200 casks of rice, was destroyed. The LaFourche was built in 1888 and cost $15,000.

BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit of Florida, in and for Alachua County—In Chancery. M. S. Brown vs. Ebbie Brown—Divorce Order Publication.

It appearing by affidavit appended to the bill filed in the above stated cause that Ebbie Brown, the defendant therein named, is a resident of the State of Florida and has been absent from her residence for more than sixty days preceding this order of publication, and is concealing herself so that service of subpoena and process cannot be served upon her, and is over the age of twenty-one years; it is therefore ordered that said defendant be and she is hereby required to appear to the Bill of Complaint filed in said cause on or before Thursday, the 17th day of October, A. D. 1907, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for four consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

This September 16th, 1907.

S. H. WIENGES,
Clerk Circuit Court, Alachua Co., Fla.

GAINESVILLE NATIONAL BANK

T. W. Shands, Pres.

FOR SALE—Nine-room house, four blocks from square. J. M. Rivers.

Wanted — Messenger boy; steady employment. W. U. Telegraph Co.

W. A. McGriff, the druggist of Micanopy, spent yesterday in this city on business.

Nicely furnished room, on block adjoining square, to rent. Apply in front of Baptist church, or at Sun office.

Byres Douglass, who is now employed by the Otter Creek Lumber Company of Otter Creek, spent Sunday with his mother and friends in this city.

Miss. Sallie McClellan, daughter of Mr. and Mrs. Robert McClellan, has returned from Philadelphia, where she has been for the past few weeks on a visit to relatives.

We Have for Sale—Four lots in College Park, good location, $400 cash for the four. Lots along side of these sold for $250 each. Apply The C. F. Goodman Co.

J. T. Manning, agent for the Atlantic Coast Line railroad and a progressive young merchant at Clark, is in the city. Mr. Manning is en route home from Scotland Neck, N. C., and points in Virginia, where he has been on a visit to relatives.

Miss Irene McCreary, daughter of Senator and Mrs. H. H. McCreary, has returned from various points in North Carolina and Virginia, where she spent the past two months visiting friends. She reports a delightful outing and returns home greatly improved in health.

W. R. Thomas and J. B. Padgett have gone to the Kentucky markets, where they will purchase several carloads of stock for the fall trade. Both are well posted on live stock, which is an assurance that the people of this section will see a well selected group when they arrive.

J. P. Prevatt, the young man who has been assisting County Tax Assessor W. W. Colson in his office for the past few months, has gone to Bowling Green, Ky., where he will enter the Potter Bible College. Mr. Prevatt is preparing to be a minister, and his friends wish him much success.

Dr. J. R. Benton and family and Prof. Carl Schmdt, after a pleasant outing of several weeks in Hendersonville, N. C., have returned to their home in this city. Dr. Benton and Prof. Schmidt are members of the University of Florida, and will resume their duties at the opening of that institution tomorrow.

M. A. Walls of Newberry is in the city on a visit to his brother-in-law, Dr. W. M. Johnson.

H. L. Rosenberger, a well-known citizen of Kirkwood, was among those who spent yesterday in this city on business.

Miss Mary McDonald of Williston has returned to her home, after a pleasant visit to her aunt, Mrs. Robert Wixson, in this city.

For Sale—Comfortable house, 6 rooms, two halls and kitchen, all in good condition. Two blocks from square. $2,250 cash. The C. F. Goodman Co.

J. S. Bailey, upon whom a surgical operation was performed at the Odd Fellows' Sanitarium a few days ago, is getting along nicely, and expects to return to his home at Newberry in a few days.

Luther Mershon, son of Mrs. Judge Mershon, has arrived from Pensacola, and will enter the University here. Mrs. Mershon and family are from Fernandina, and have decided to make their home here. They are pleasantly located at 308 E. Union street.

Remember, when you are in need of wall cases, show cases, safes, kitchen furniture and cabinet work generally, E. H. Martin, East Main street S., rear of McCollum & Co's. drug store, can supply you promptly and to order at reasonable prices. Phone 194. Satisfaction guaranteed.

Mrs. Gary of Ocala, who has been here for the past two or three weeks as a guest of her mother, Mrs. W. F. Yocum, left yesterday for White Springs, and after a few days spent at that resort, she will proceed to Washington, D. C., for a couple of months. Mrs. Gary's numerous Gainesville friends were delighted at the opportunity to welcome her again.
